SUMMARY

Versatile and results-driven Full Stack Developer with strong expertise in Python, JavaScript, and Dart, along with hands-on experience in React, Node.js, Angular, and SQL. Passionate about building scalable web and mobile applications, with notable projects including a Web3-powered IEDC website, a financial management AI system, and an Android app developed using Flutter. Dedicated to creating end-to-end solutions that combine performance, usability, and modern technologies. Actively contributing projects on GitHub and constantly exploring advancements in full stack development.

TECHNICAL SKILLS

Programming Languages: Python, C, SQL, java, javascrip, Dart

Libraries & Tools: NumPy, Pandas, Scikit-learn, OpenCV, Git, React.js, Node.js Angular.js

PROJECTS

IEDC ASIET Website   Nov 2024 – April 2025
Full Stack Website Project   *Node.js, Web3.js, Ethers.js, Supabase*
- Developed an full stack WEB 3 website featuring workings of IEDC ASIET
- Integrated admin panel for advanced functions and site updation
- Deployed website on institutional domain for better visits

Get-Fix   Dec 2024 – March 2025
Get-Fix Website   *React, Supabase, Hugging Face, Pytorch, Google APIs*
- Build a trained model using hugging face for sound recognition and Pytorch or image classification
- Implemented google API for map and Gemini and ai model usages
- Cross integration with get-fix (dapp) for easy user usage

Techiepedia   Feb 2025 – May 2025
Community Website   *node.js, Supabase*
- Created a community website that assigns new registering members unique id
- Implemented trained-google ai models for chat bots
- helps in proper event plannings

EXPERIENCE

Technical Lead   Nov 2024 – May 2025
IEDC, ASIET   *Kerala, IN*
- Conducted events and workshops on advancing technologies
- Researched on Impact of AI in daily life and in field of cyber security
- Researched on implementation of blockchain technology of websites that could lead into the feature.

EDUCATION

Adi Shankara Institute of Engineering and Technology   Kerala, In
B.Tech in Computer Science   *June 2022 – Continuing*
